Dr. Robert C. Hockett
Research Director
The Council for Tobacco
Research - U.S.A., Inc.
110 East 59th Street
New York, NY 10022

Dear Dr. Hockett:

I cannot tell you how pleased I was to receive your letter this morning indicating that The Council for Tobacco Research has made a contribution of \$2,000 towards the support of the Gordon Research Conference on "Oxygen Radicals in Biology and Medicine." Because of our very short lead time between approval and the actual conference, we have been unable to obtain government support for this meeting and as such we have felt particularly restricted with respect to our ability to assist interested and deserving workers in participating in this conference. Your contribution will be extremely helpful and I am very pleased that the basic directions of our program can coincide with the basic directives of your organization.

I look forward to meeting both Dr. Lisanti and Dr. Stone at the meeting in January.

Sincerely yours,

Norman I. Krinsky, Ph.D.
Conference Chairman
